The statement of the Bank of Mayville, printed on our second page, may be called the "boss" exhibit of local Banks. With a surplus fund of \$25,000, and individual deposits subject to check reaching the handsome sum of \$404,604.24, it certainly speaks volumes for the confidence reposed in this old, stable, conservative financial Gibraltar.

The hayriders that left the city Wednesday night for an outing in the country met with an unfortunate accident just this side of Washington. A tire came off one of the wheels which disabled the wagon for further use for the time being and causing the whole party to hot-foot it to the city. This will explain to the proprietors of the various stores the sleepy and tired appearance of their clerks the following day.

Colonel L. T. Anderson of Point au View Stock Farm sold this week to Mr. Jack Spratley of the American Horse Exchange of New York three horses which hold the record for high prices for the year. One pair of fast road geldings, Twinkle and Twilight, the fancy harness mare, Edna Hume, named in honor of one of the Queen City's society belles, and said by competent judges to be one of the best show mares of the year. They will be shipped to New York and exhibited at the Eastern Horse Shows the coming season. Price up in the thousands.

THEIR BUSY DAY

Lively Times Yesterday With the Maysville Telephone Crew

Yesterday was a strenuous day for the Maysville Telephone Co. employes.

In the morning while Messrs. William Matthews and William Harbeson were engaged in removing a telephone box from the late residence of Mr. James Downey on Sixth street the horse attached to the Company's transfer wagon became frightened and backed over the embankment, the horse and wagon rolling down the hill almost to Fifth street. Strange to say little damage was done to either.

In the afternoon of the same day, while removing a cross in the wire at Washington Mr. William Lurley came down the telephone pole with lightning rapidity, lacerating his hand in such a manner as to require the services of Dr. Marshall.

Excellent Report to the District Convention at Flemingsburg

The reports read at the Twelfth District Convention of the C. W. B. M., which convened at Flemingsburg Wednesday, showed that over \$2,000 had been raised during the year for the work of missions.

Mr. and Mrs. E. G. Kirk of this county have \$1,000 given to C. W. B. M. work.

Mrs. St. Clair, President of Hamilton College, added much to the Convention by her enthusiastic address on "The Debt of Young Womanhood."

Mr. E. L. Powell of Louisville is at Norfolk, Va., to remain two weeks, after which he goes to California to attend the National Convention of the Christian Church, which convenes in San Francisco August 14th. He will visit other points in California, stopping for a series of meetings prior to the Convention at Watsonville.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Some Linen Values

For the economical housekeeper who likes good wearing linen rather than new and exclusive patterns, or who wants inexpensive breakfast and tea cloths there is a silver bleach damask of unusual merit. The yarn is bleached before the cloth is woven and the result is a pretty soft cream colored damask. It costs only 69c a yard for 68-inch wide linen and 75c for 72-inch.

A bargain towel is a white Huckabac, heavy but smooth and delightful to the skin. Great big towels, the usual three-dollar-a-dozen variety, which we offer 50c less than that—\$2½ a dozen.

A good Turkish towel selling for 25c is extra big, neatly hemmed with loops made of twisted thread, thereby doubling the wear.

For a genuine kitchen towel there is a sturdy Russian Crash, unbordered, that beats all its companion crashes for time-defying wear and 25c will buy two towels, hemmed or not as you wish.

IT IS NOT PLEASANT TO LOSE MONEY.

Though sometimes it is profitable. We are now closing out a line of Silks varying in value from 69c to \$1.25 yard for 48c yard. We lose money on each piece of course, but that is better than carrying it over to another season. Paradoxical as it sounds, it actually pays us to lose money in order to start every season with fresh stock in each department.

THE INSURANCE COMMISSIONER OF KENTUCKY thinks \$100,000 is too much salary to pay the President of an Insurance Company. It's a wonder that the policy-holders and premium-payers hadn't found that out long ago.

In Philadelphia a nine-hour workday and an open shop was instituted in forty-five of the leading printing establishments in that city, employing two-thirds of the local compositors. This action was decided upon at a recent meeting of the United Typothetae, at which master printers from all sections of the country were represented. It was taken in anticipation of a demand to be made by the printers for an eight-hour workday at present prices, to begin next January.

RUSSIA is reaping as she has sown in Poland. If the Czardom had been fair with its Polish subjects, it would have only one class of the Polish people to deal with in its hour of peril. Instead it finds itself threatened by the wrath of a unanimous, if scantly organized, Polish people. Probably, says The Times-Star, the Cossacks will continue to hold the Polish cities in restless and incomplete subjection until the Czar's Government is more seriously embarrassed at home than it is today. But if by any chance St. Petersburg and Moscow should break loose there would be scarlet happenings and mob rule in Warsaw and Lodz before many hours had passed.

UNCLE JOHNNY ROCKEFELLER has made a gift of \$1,000,000 to a College, and not one of the learned Professors has been able to find the "taint" microbe on a single dollar of it.

THE RE-ELECTION of the Hon. MYRON T. HERICK as Governor of Ohio is assured. The Young People's Alliance of the Evangelical Church has passed a resolution asking voters to work against him, claiming that he is supported by the liquor element.

HON. HENRY R. PREWITT, State Insurance Commissioner, will in his annual life insurance report recommend to the General Assembly the enactment of a law prohibiting any Company which pays an executive officer an annual salary in excess of \$50,000 from soliciting business in Kentucky. The Commissioner contends that no man can earn \$100,000 annually as such executive officer, and the people, through law-making bodies, must take a hand in regulating the big insurance companies of the country. Time and again, THE LEDGER has called attention to the extravagances of the Insurance Trust—the payment of enormous salaries to favored officials, and the rivalry in building official palaces—all at the expense of policy-holders. If Commissioner PREWITT will only extend his recommendation so as to cover the fire insurance business, and if the Legislature will act upon his suggestion, it may bring relief to a patient and long suffering class, and break up a Trust that has persistently robbed the people of this state and of Tennessee. Let the Press of the whole state join in upholding the Commissioner.

Passed Stone and Gravel With Excruciating Pains

A. H. Thurnes, Mgr. Will Creek Coal Co., Buffalo, O., writes: "I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pains. Other medicines only gave relief. After taking FOLEY'S KIDNEY CURE the result was surprising. A few doses started the brick dust, like fine stones, etc., and now I have no pain across my kidneys and I feel like a new man. FOLEY'S KIDNEY CURE has done me \$1,000 worth of good."

DO YOU VALUE YOUR LIFE?

Grave Perils Menace in Illy Constructed Vehicles

And Likewise Through Inferior, Flimsy Made Harness

[BY BENEDICT BURR.]

Trifles make perfection, but perfection is no trifles. Tiny drops of water combine to form the mighty Ohio river, which is capable of sweeping everything before it. It is these same little things, well assembled together, that combine to make perfect strength. A vast majority of people

horses and a \$15,000 automobile, was dispassionately honest enough to render impartial and unprejudiced verdict, that as afforded choice between his automobile and a \$60 old family mare owned by his aged father, that unhesitatingly he would select the old mare. So there you are, and as Josh Billings once remarked, "Some men must have something to distinguish them from the ordinary herd, so that they must wear a gold headed cane or have their hair parted in the middle," and again as my

ELDERLY MINSTREL FRIEND,

Hughey Dougherty, recently remarked to me in Philadelphia, "There goes a typical American, he is now the proud owner of an automobile and must need stint his stomach by feeding in that 10 cent lunch room." Verily do extremes meet. Back again to my original discourse on driving.

To thoroughly compass the pleasure, one must need good facilities at hand. It is "penny wise and pound foolish" to have a poor trap.

Cheapskates is monumental folly instead of economy in the matter of securing an outfit. Just note what

A PRACTICAL HORSEMAN

or experienced dealer or handler of horses will do under the circumstances.

He will select durable, hand-made harness and a strong, well constructed vehicle.

By the same token, a great musician always possesses himself of the finest piano or most valuable violin.

Neither will ever quibble at the price, so that the standard of quality is there. Experience and sound common sense knowledge dictates this course of wisdom.

More than ever before is driving fraught with attendant dangers. With railroads running swift and heavy trains, with trolley cars about, to say nothing of suddenly appearing and recklessly driven automobiles—these are but a few of the many perils that quickly arise by day and night to affright horses.

These menaces can only be offset by the conscious confidence begotten by knowing that one is safeguarded by a good set of harness and strong set of lines, and that he is seated in a well made, thoroughly constructed vehicle, that will hold together, and not fall apart at the

Announcements.

first clash or jar. One is much relieved to be conscious that he is well accoutred. How fares it with the individual in

THE CLAP-TRAP RIG?

Dead as a door nail or maimed for life by his cursed penituousness! My friend, you pay your money; you have the choice of these two situations.

The prudent man values his life and limbs. The unthinking man repents and bemoans at his leisure. There is but one course to pursue for sensible persons; that is to have access and consult some reputable firm and duly make purchase of such class wares as they will warrant—dependable. In this connection a concensus of opinion will join with that of the writer that the well known, reliable repository of

KLIPP & BROWN,
Nos. 12 and 14 East Second street, offers special advantages and can always be implicitly relied upon, for every item of requisition in both these lines.

J. J. Klipp and M. Brown, a pair of enterprising, driving men handle a big trade in there lines.

By their systematic, well regulated manner of doing business, they have attracted a capital traffic from far and near.

In their warerooms they display every description of light wheeled vehicles, such as buggies, surreys, phaetons, family carriages, runabouts, spring wagons and all else.

These are received direct from leading manufacturers in carload lots, effecting great freight savings, thereby enabling very close figures to customers. Really superior productions, by reason of labor-saving appliances in vehicle construction, are now turned out at prices un-dreamed of in the past, and today these exists no reason why a man should select defective productions.

Such superior productions as those of "Columbus," "Brockaway," "Moyer," "Anchor" and "R. & L." makes can be recommended for constructive worth.

This firm are also sole exclusive distributors of the famous "Old Hickory" Farm Wagons, the best ironed, the best painted, the best constructed and the lightest running farm wagon extant.

As to harness and horse trappings, all this is turned out in their

OWN WORKROOMS,

and is all hand made, excepting harness selling at less than \$10. They carry a portion of factory made harness, for prices under this, but do not warrant same, and sell it for just what it is.

A UNIQUE RECORD

Not Another Like It In Our Broad Republic

TO GIVE POSITIVE HOME TESTIMONY IN EVERY LOCALITY IS OF ITSELF UNANSWERABLE PROOF OF MERIT; BUT WHEN WE ADD TO THIS THE CONTINUED ENDORSEMENT FROM PEOPLE WHO TESTIFIED YEARS AGO NO EVIDENCE CAN BE STRONGER. A MAYSVILLE CITIZEN GRATEFULLY ACKNOWLEDGES THE GOOD RECEIVED FROM DOAN'S KIDNEY PILLS, AND WHEN TIME HAS TESTED THE CURE WE FIND THE SAME HEAVY ENDORSEMENT WITH ADDED ENTHUSIASM AND CONTINUED PRAISE. CASES OF THIS KIND ARE PLENTIFUL IN THE WORK OF DOAN'S KIDNEY PILLS, AND SUCH A RECORD IS UNIQUE IN THE ANNALS OF MEDICINE.

A. W. McCLEANAHAN, of A. W. & B. P. McCleanahan, grocers, at 121 Second street, Maysville, Ky., says:

"I can endorse Doan's Kidney Pills more heartily today than I did five years ago when I told the Maysville people that this medicine had cured me of severe kidney trouble and backache that had bothered me more or less for twenty years and seemed to be growing worse and worse all the time. I repeat that I can more confidently recommend Doan's Kidney Pills today than I did in that testimonial because my cure has been permanent and I have had no kidney trouble for nearly five years. As proof that I am a firm believer in Doan's Kidney Pills I will be only too pleased to reiterate the above to anyone who may inquire."

W. W. WIROFF, Ticket Agent.

Colonel Thomas H. Dudley has bought the property in Flemingsburg now occupied by Dr. H. C. Kehoe for \$4,000.

Their own work is fully warranted, and they are fully prepared to make to order any special class of harness desired.

In their own well lighted, well equipped harness workrooms are at all times observed a goodly force of skilled workmen, busy in turning out productions.

Aside from every variety of light single and double driving, carriage, express and draft harness, saddles, bridles, collars and horse trappings generally, this house carries an endless line of horse appurtenances and stable goods of all kinds.

Here for a term of over nine years have they been engaged in this traffic and have by far the most convenient and the

BEST STOCKED REPOSITORY

or salesrooms for all their productions in all this region. Their big army of customers are their best references.

Here is a firm of liberal, enterprising methods, handling a splendid collection of productions, from which one can secure just what is required for any special purpose. Leading noted makers of vehicles, knowing the extensive trade that they command, vie with each other to secure representation with this house for their productions. Having the production of the most renowned makers at hand, assures their perfect independence in explicit representation of wares. Each is represented just as it is, you can select what best suits you, they receiving the same small fractional margin

of profit on each vehicle, whether of this make or that make.

By this wise, equitable policy, each season sees their sales augmented. It needs but an acquaintance with this forceful house of Klipp & Brown and their business methods to become a regular listed patron. Everyone hereabout who desires "something on wheels," no matter what pattern or design, is now cited to inspect this stock. A trip to this well stocked repository will prove a pleasant object lesson, with no after cause for regrets. It is a pleasant journalistic duty to voluntarily record these facts, fulfilling the mission of imparting information to readers concerning special supply houses in various different lines of activity, that particularly are so well representative of the department of trade under notice as to be able to meet every need. People at a distance who will write to Klipp & Brown, Maysville, Kentucky, for prices on anything required, will receive prompt and courteous attention.

The corner stone of the new M. E. Church at Cythiana will be laid July 4th.

Anthony McManaman died Thursday afternoon at his home in Louisville, after a long illness from asthma. He was a native of Ireland, but had been a resident of this country most of his life. For forty years he was a Conductor on the Pennsylvania Railroad. Among his surviving children is Mrs. Michael Brown of this city.

MAYSVILLE ATTRACTIONS

There Are Many Places of Note Here and Hereabout

Maysville and its environments offer a great many attractions to summer visitors—a visit to Beechwood Park, a moonlight ride on the Ohio, a drive over the picturesque and romantic upland driveways of the county, a visit to the Public Library, then over the river to the noted Gretna Green of America where many thousands have been made happy and others miserable, the dueling ground of General Thomas Marshall and Colonel Charles Mitchell, the Marshall home and historic old Courthouse at Washington, the old schoolhouse where General Grant was taught and then, the most thrilling of all, a pilgrimage to the gravel pit where Dick Coleman, was burned at the stake.

down pains are a symptom of the most serious trouble which
can attack a woman, viz: falling of the womb. With this,
generally, come irregular, painful, scanty or profuse periods,
wasteful, weakening drains, dreadful backache, headache,
nervousness, dizziness, irritability, tired feeling, inability to
walk, loss of appetite, color and beauty. The cure is

WINE OF CARDUI
THE FEMALE REGULATOR,
that marvelous, curative extract, or natural wine, of herbs,
which exerts such a wonderful, strengthening influence on
all female organs. Cardui relieves pain, regulates the
menses, stops drains and stimulates the womb muscles to
pull the womb up into place.

It is a sure and permanent cure for all female complaints.
